

Allow Guests to Scan & Pay within seconds with our

Contactless Digital Payments.

Increase speed of service and the guest experience by activating real time in-store guest payments. Guests can view bills, split, and pay from their personal mobile devices. Guest can enter/scan their credit card or pay with Apple Pay. The platform is fully customizable to match your restaurants branding; ensuring a consistent experience for your guests.

Your servers can save time allowing the guests to split their check and provide a seamless payment experience. Guests checks will automatically be e-mailed to the guest. The point-of-sale & service team will be updated in real time with the payment details.

Free up your staff to focus on up selling & increase overall efficiency and allow guests to process payments at their convenience.
